## LOOKING FORWARD TO 2021 . . .

Our 2021 schedule is set and the Hardin County Farm Museum is ready to move forward! We are planning for a great year and hope you will join us at our breakfasts and events. **Our first pancake breakfast will be May 1<sup>st</sup>** and we hope to see you there!

**We are planning a TWO DAY Threshing Fest and Power Show on Saturday & Sunday, July 24<sup>th</sup> and 25<sup>th</sup>.** Bring your friends and family and join us for field demonstrations, events, breakfast & lunch, and good old fashioned fun both days.

**NEW this year will be Cowboy Church, Boone Forks Forge, Houser's Old Iron, and Sunday Noon Dinner Fundraiser. Mark your calendars now! Don't miss the fun at this two day event!**

**To make the Power Show a success,** we not only need you to come, but **we need your vintage tractors, trucks, wagons, implements, even jalopies to be on display during the Power Show.** We need you to bring yours and then you need to encourage your friends to bring theirs to make this show great! Please help spread the word. We encourage you to fill out the **Registration Form** on page 2 to help us with planning.

Even though we were not able to hold any events in 2020, your memberships and donations helped out financially and for that we are truly grateful. Plans for 2021 include finishing the Ellis Church electricity project. New plans included adding an awning to the east side of the barn for outdoor seating along with painting the barn and farm buildings. If you would like to donate to these 2021 projects, please attach a note to your donation. Thank you in advance for your support as we attempt to "get back to normal" and move forward in 2021.

We look forward to seeing you at the Farm Museum!
